

Equipment Certification

We at Citadel Engineering Company are happy to announce our latest courses from NSL.

With over 50 years' of knowledge, ASCO's experience and capability help customers by transforming operational efficiency, improving processes and continuously enhancing services and systems.

ABOUT THE COURSE:

This module reviews the role of certification within the lifting industry. It considers certification as part of the wider systems of quality management operated across the industry, including the documentation that they normally require. The course is organized into a number of sections, which you will follow in sequence. These are:

Suppliers, Users, Testing, Certification of training, Examples, Summary and conclusion

ELEARNING - VIRTUAL

PRICE & DURATION:

100 \$ Per Person / 1-Day Course

The access period is 1 year

Citadel is always dedicated to provide effective, high quality, and affordable health training to our clients and individuals.
