

Lift Planning

We at Citadel Engineering Company are happy to announce our latest courses from NSL.

With over 50 years of knowledge, ASCO's experience and capability help customers by transforming operational efficiency, improving processes and continuously enhancing services and systems.

ABOUT THE COURSE:

This awareness course has been developed to highlight the many factors that must be considered when planning a lifting operation.

The plan for any lifting operation must address the foreseeable risks involved in the work and identify the appropriate resources (including people) necessary for safe completion of the job.

ELEARNING - VIRTUAL PRICE & DURATION:

100 \$ Per Person / 1-Day Course
The access period is 1 year

Citadel is always dedicated to provide effective, high quality, and affordable health training to our clients and individuals.
