

Injuries to Fingers and Hands

We at Citadel Engineering Company are happy to announce our latest courses from NSL.

With over 50 years' of knowledge, ASCO's experience and capability help customers by transforming operational efficiency, improving processes and continuously enhancing services and systems.

ABOUT THE COURSE:

Injuries to fingers and hands are the most common cause of lost time incidents in industry today. With consequences varying from just a few minutes away from the job for a clean-up and a small dressing, to life changing, this course is aimed at raising awareness of injuries to fingers and hands and how to avoid them.

The topics will be discussed: Smashes, pinches, crushes, Overuse, Avulsions and detachments, Abrasions and burns, Impact from trips and falls

ELEARNING - VIRTUAL PRICE & DURATION:

80 \$ Per Person / 1-Day Course
The access period is 1 year

Citadel is always dedicated to provide effective, high quality, and affordable health training to our clients and individuals.
